

Job Title: Junior Video Editor & Graphic Designer

Location: Greater Kailash 2, Delhi

About the Role

We're looking for a young and creative visual storyteller who loves editing videos, designing graphics, and turning ideas into eye-catching content.

If you're passionate about aesthetics, trends, and visual storytelling — this is your place to grow and learn hands-on with real projects and mentorship.

What You'll Do

Video Editing

- Edit short-form videos, reels, and interviews for social media.
- Trim and assemble footage, add transitions, and sync music.
- Work with scripts and storyboards to craft engaging edits.
- Assist in basic color correction, subtitles, and motion text.

Graphic Design

- Design social-media posts, banners, and thumbnails.
- Support the design team with campaign creatives and ad materials.
- Maintain brand aesthetics across all digital content.
- Create templates and help organize creative assets.

Creative Support

- Research trends on Instagram, YouTube, and digital design.
- Brainstorm new content ideas with the team.
- Be open to feedback and iterative improvement — this is a learning-first role.

Skills You'll Need

- Basic proficiency in Adobe Premiere Pro / DaVinci Resolve / CapCut
- Working knowledge of Photoshop / Illustrator / Canva / Figma
- Understanding of color, layout, and typography
- Awareness of social-media formats (1:1, 9:16, 16:9)
- Creativity, curiosity, and willingness to learn

Bonus Skills (Nice-to-Have)

- Interest in storytelling, psychology, or wellness content
- Knowledge of After Effects or simple motion graphics
- Experience with AI-based design or editing tools

What You'll Get

- Hands-on experience across both design and video
- Mentorship from experienced creative professionals
- Growth-oriented environment where ideas matter

Qualification

- Bachelor's / Diploma in Design, Fine Arts, Mass Comm, or any creative field
- Freshers or self-taught creatives with strong portfolios are encouraged to apply.
